The background image shows a construction site at dusk or dawn, with a blue tint. In the foreground, two workers are visible. One worker on the left is wearing a light-colored shirt, dark pants, and a hard hat, looking down at something in his hands. Another worker in the center is wearing a high-visibility orange and black vest over a dark shirt and pants, also wearing a hard hat and looking towards the right. They are standing on a dense grid of steel reinforcement bars (rebar) that form the base for a concrete slab. In the background, more rebar is visible, along with some construction equipment and the silhouettes of other workers in the distance. The overall scene is industrial and focused on construction work.
